

How to use the Class '63 DB

Discussion

- This Database is created to allow the OHS and LP Classmates of 1963 to have a way to contact each other.
- The Database is as secure as one can make it.
- Only Administrators can edit or enter information.
- Anyone that signs up for Ratsupport.com's Members only and is a Class of '63 classmate will have a link to the database, they will be able to view the data.

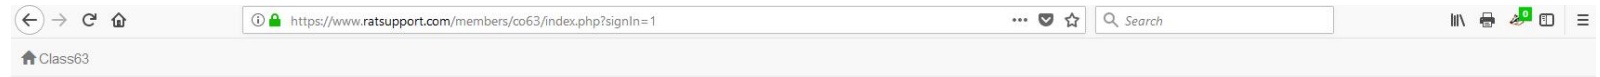

Requirements

- To view or administer the data you must be a member of the Ratsupport.com Members only Area. You can register and then become a member.

Register to get into Members Only Area of Rat support.com

- You will also have to sign up / sign in to the database.

Main Page

You get to the Data on Class of 63 Database by clicking on the button “Members”

You can leave this place by clicking on either “Go to Members Page” or “Go to Home Page”

If you want instructions to the database you can click on the link to the presentation

The Data and the Page

There are a number of ways to use the data page.

1. Quick Search, put some letters or numbers you are looking for and click the search button.

2. Click the Field heading and you can sort the data as you wish.

3. Use a filter and choose the field you want to use and the logic.

4. Click on an item of data and show the data on a single page.

Records 1 to 10 of 11

Previous Go to page: 1 Next

Quick Search

- This is where you can do a quick search of the Class of 63 Database and find records matching the characters you entered into the field.
- You will find that the search looks at all data regardless of field so, from time to time you might be surprised what you see in the data window.

Quick Search 1

I put the characters susan into the Quick Search Field.

To get the quick search to work you will need to hit the Enter key or you can just click on the Search Icon

The screenshot shows a web browser window with the URL www.ratsupport.com/members/co63/members_view.php. The page is titled "Class of 63 Database for both OHS and LP" and includes a search bar at the top right where "susan" has been entered. Below the search bar, there are buttons for "Print Preview", "Save CSV", "Filter", and "Show All". A table of members is displayed below, with columns for Id, LastName, FirstName, MaidenName, MiddleName, Nickname, Address1, Address2, City, State, Zipcode, PhoneNumber, MobileNumber, Email, SpouseName, Status, Website, GradPic, CurrentPic, Graduated From or Identifies with OHS, and Fr Id wi. The table lists several members, including Akins, Alexander, Alexandris, Alt, Anderson, Armacost, Arnold, and Arnold. The search results for "susan" are highlighted in blue. Arrows from the text on the left point to the search bar and the search icon.

<input type="checkbox"/>	Id	LastName	FirstName	MaidenName	MiddleName	Nickname	Address1	Address2	City	State	Zipcode	PhoneNumber	MobileNumber	Email	SpouseName	Status	Website	GradPic	CurrentPic	Graduated From or Identifies with OHS	Fr Id wi
<input type="checkbox"/>	305	Akins	Tom													Not Active				<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	15	Alexander	Walter				4540 Lwr Wyandotte		Oroville	CA	95966					Active				<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	14	Alexandris	Penelope				138 Reed Street		Mill Valley	CA	94991	435-393-9045				Active				<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	16	Alt	Ron				3604 Five Mile Dr		Stockton	CA	95219	209 957-4650				Active				<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	1	Anderson	Richard	Anderson	Charles	Dick or Carbon Arc	333 B Pinecrest Pkwy		Oroville	CA	95966		530-552-0111			Active Helper				<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	18	Anderson	Terry				102 Evergreen Ave		Mill Valley	CA	94941	808-501-3970				Active				<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	20	Armacost	Mary Lou	McKibben			713 Cerbat Ave		Kingman	AZ	86041	928-753-3019				Active				<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	21	Arnold	Ken				2393 Foothill Blvd		Oroville	CA	95966					Active				<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	22	Arnold	Tonya	Barnard			716		Lee	NY	80128					Active				<input type="checkbox"/>	<input type="checkbox"/>

Quick Search 2

As you can see the result of the search found all the records with susan.

Please note it also found Darrell Doane's record because he is the spouse of Susan Doane.

The screenshot shows a web browser window with the URL www.ratsupport.com/members/co63/members_view.php. The page is titled "Class of 63 Database for both OHS and LP". A search bar at the top right contains the text "susan". Below the search bar, there are buttons for "Print Preview", "Save CSV", "Filter", and "Show All". The main content is a table of members. The table has columns: Id, LastName, FirstName, MaidenName, MiddleName, Nickname, Address1, Address2, City, State, Zipcode, PhoneNumber, MobileNumber, Email, SpouseName, Status, Website, GradPic, CurrentPic, and Graduated From or Identifies with OHS. The search results show 7 records, all with "susan" in the first name. The second record, with Id 8, is Darrell Doane, whose spouse is Susan Doane. An arrow points from the text "Please note it also found Darrell Doane's record because he is the spouse of Susan Doane." to the "SpouseName" column of this record. Another arrow points from the text "As you can see the result of the search found all the records with susan." to the "FirstName" column of the first record (Susan Talbitzer).

Id	LastName	FirstName	MaidenName	MiddleName	Nickname	Address1	Address2	City	State	Zipcode	PhoneNumber	MobileNumber	Email	SpouseName	Status	Website	GradPic	CurrentPic	Graduated From or Identifies with OHS

Filters

- Filters are a powerful way to search the Class of '63 Database.
- You can construct a filter using the filter design page and then get all records that match the search terms constructed by your choices.
- Please realize this can become complex quickly and you might not get the result you wanted, but I suggest you try again with different choices.

Filters 1

You start a Filter by clicking the Filter Button.

To return to the complete Database you should click on the Show All button.

The screenshot shows a web browser window with the URL www.ratsupport.com/members/co63/members_view.php. The page is titled "Class of 63 Database for both OHS and LP". It includes a "Quick Search" bar and a "Members" section with buttons for "Print Preview", "Save CSV", "Filter", and "Show All". The "Filter" button is highlighted with an arrow from the text "You start a Filter by clicking the Filter Button." The "Show All" button is also highlighted with an arrow from the text "To return to the complete Database you should click on the Show All button." Below the buttons is a table of members with columns: Id, LastName, FirstName, MaidenName, MiddleName, Nickname, Address1, Address2, City, State, Zipcode, PhoneNumber, MobileNumber, Email, SpouseName, and Status. The table contains 8 rows of member data.

<input type="checkbox"/>	Id	LastName	FirstName	MaidenName	MiddleName	Nickname	Address1	Address2	City	State	Zipcode	PhoneNumber	MobileNumber	Email	SpouseName	Stu

Filters 2

You can use Filters in a number of ways and I am going to show only simple Filters.

You can Filter the Class of 63 Database on Multiple fields with and , or as a separator for the choices.

The screenshot shows a web browser window with multiple tabs. The active tab is 'Class63 | Members' at the URL 'www.ratsupport.com/members/co63/members_view.php'. The page is titled 'Class of 63 Database for both OHS and LP' and includes a disclaimer: 'This Database was created for the use of members of the Class of 63 to contact each other. Please respect the people that were kind enough to provide information. If the No Contact box is checked, please don't contact them directly using this data.' Below this is the 'Members Filters' section. It features a table with four filter rows (Filter 01 to Filter 04). Each row has a 'Filtered field' dropdown, a 'Comparison Operator' dropdown, and a 'Comparison Value' text input. To the left of each row is a small dropdown menu. Below the filter rows is an 'Order by' section with four rows, each containing an 'Order by' label and two dropdown menus. At the bottom is a 'Records to display' section with three radio button options: 'Only your own records', 'All records owned by your group', and 'All records'. The footer of the page states 'Powered by BigProf AppGini 5.82'.

	Filtered field	Comparison Operator	Comparison Value
Filter 01			
Filter 02			
Filter 03			
Filter 04			

Order by

	Order by	
Then by		
Then by		
Then by		

Records to display

☐ Only your own records
☐ All records owned by your group
☐ All records

Filters 3

I set up this Filter for two cities. Fresno or Chico

After choosing the Field “City” and using the operator of Like I put the Value of Fresno.

I use the Operator Like because I don't have to be so exact with my Value.

The screenshot shows a web browser window with the URL www.ratsupport.com/members/co63/members_view.php. The page title is "Class of '63 Database for both OHS and LP". Below the title, there is a section titled "Members Filters".

The "Members Filters" section contains a table with the following columns: "Filtered field", "Comparison Operator", and "Comparison Value".

	Filtered field	Comparison Operator	Comparison Value
Filter 01	City	Like	Fresno
Filter 02	Or		
	City	Like	Chico
Filter 03			
Filter 04			

Below the table, there is an "Order by" section with four rows, each containing a dropdown menu for "Order by" and a dropdown menu for "Then by".

At the bottom, there is a "Records to display" section with three radio buttons:

- ☐ Only your own records
- ☐ All records owned by your group
- ☒ All records

At the very bottom, there are two buttons: "Apply filters" (green) and "Cancel" (orange).

Annotations from the text blocks point to specific elements in the form:

- "I set up this Filter for two cities. Fresno or Chico" points to the "Filter 01" and "Filter 02" rows.
- "After choosing the Field “City” and using the operator of Like I put the Value of Fresno." points to the "City" field, "Like" operator, and "Fresno" value in the "Filter 01" row.
- "I use the Operator Like because I don't have to be so exact with my Value." points to the "Like" operator in the "Filter 01" row.

Filters 4

After Applying the Filter I get all the records with city of Fresno or Chico

With the Filter applied we got 78 records with a Status of Not Active.

I used this Status for those that we don't have contact information or it is not complete.

The screenshot shows a web browser window with the URL www.ratsupport.com/members/co63/members_view.php. The page displays a table of members for Class 63. A filter is applied to the 'Status' column, showing only 'Not Active' members. An arrow points from the text 'With the Filter applied we got 78 records with a Status of Not Active.' to the 'Status' column header. Another arrow points from the text 'I used this Status for those that we don't have contact information or it is not complete.' to the 'Not Active' status in the first row.

More

- There are more tricks you might want to use so feel free to either try or ask.
- You will be able to create a CSV file of the data you choose. (Comma Seperated Values)
- If you know someone that should be in the database or you know some information that is not correct, please contact us using the [Ratsupport.com Contacts](#) page or the message app on the [Message Page of Ratsupport.com](#).

Happy Endings

This presentation was created by Ratsupport.com and we hope you found it useful.
