

How to Register

How to Register for the Ratsupport.com Members Only Area.

This presentation is brought to you by Ratsupport.com. Prepared by Richard C. Anderson

It is important to register and join the Ratsupport.com members only area because of Security and the many informational pages only located in the Members Only Area. You will be able to get files just for you and you will be able to put files on the website so Ratsupport.com can look at them and give you help with your problems.

To keep the robots at bay

I'm not a robot 

Instructions:

To join the Ratsupport Members Only Area you must register.

When you fill out this form and put a check in the I'm not a robot box and click the register button, you will be sent an email telling you "Thank You for joining"

The Ratsupport Administrator will get an email and will approve your request to register and you will be sent another email with your username and password.

Once this process is done you may login to the Members Only Area, and I suggest you go to the Members Page and see your information. Please go to the Edit Profile page and fill out the form. Put as much information as you feel is necessary. The more the better your experience will be.

Home Members Messages Chat Member Files Education Specials Edit Profile

After filling in the fields, the form should make sure you have the email address the same in both email fields.

Please notice the reCaptcha “To keep the robots at bay”. This is a new way of confirming that you are a person and not a robot trying to gain access.

The “I'm not a robot may put a green check mark and then you can hit the Register. But at times it will ask you a question. Please go to the next slide for that information.

reCaptcha at work

At times the reCaptcha system will ask you to select something. There could be a number of choices and all will need to be selected.

In this example, reCaptcha is asking you to Select all images with **pizza**.

I would have selected these two images.

Then hit the Verify button and the registration will continue. If you did not get all the images it will give you another chance.

Once you are registered you will get an email from support.ratsupport.com telling you that an approval email is on it's way as soon as I see your registered.

The Approval email will have your userid and password.

Please make sure you have support@ratsupport.com in your email contacts list so the email's don't go into your Spam(Junk) folder. If you did not hear from us in an hour or two then look in your Spam folder of your email.

What to expect

- If the registration worked then you will be sent an email with your Login Information, Please look for it.
- We ask that as soon as you can, log into the Members Only Area of Ratsupport.com and go to the Edit Profile Page and fill in the form.
- It is always nice if you download an image of yourself, it makes it better for others to see when you are online on the message page.
- If you have any problems please feel free to contact us with your problem and we will gladly help.
- We have increased the security at the Members Only Area and implemented 2 Factor Authentication so if you have questions you can check out the [Help Page](#).

Happy Ending

We hope this presentation gave you information that made your life much better in the long run.
